the Sava Commission**
April 21-22, 2009

Secretariat of the Sava Commission

Doc. No. 1S-12-O-09-6/1-2
April 1, 2009

PEG APC

- summary of activities performed since the previous session of the ISRBC -

In accordance with its Program of work, the PEG APC held its 9th meeting on February 24th 2009 in Zagreb.

The main issues which were discussed on the meeting were:

- AEWS system
PEG APC discussed on the results of unannounced test which was performed in November 2008 and about the problems of establishment of PIACs in BA and RS and adopted following conclusions:
 1. *PEG APC appeals that Parties of FASRB to take measures for establishment of PIACs in BA and RS.*
 2. *Schooling for staff in PIACs should be organized in May tentatively.*
 3. *One announced test will be performed in March 2009.*
- Development of projects:
PEG APC discussed about the list of priority projects of major importance for Sava Commission as BIOSSED, Development of AEWS system in Drina River Basin, Cleaning Drina, Closure of dump sites in Drina River Basin and Large Dam Safety Project. Some of the mentioned project proposals will be further developed after the identification of funding possibilities.
- Development of protocols:
The PEG APC adopted recommendations of the ad hoc legal Expert Group on Protocol on Emergency Situations and decided that Draft Protocol could be sent to Sava Commission to adoption .
On the suggestion for development of Protocol regulating water protection issues, PEG APC meant that the issue of water protection is too complex to be covered by one protocol.
- Work Plan for FY 2009:
The PEG APC adopted the Work Plan for FY 2009.
- Other issues:
No other issue were discussed on the meeting

The Report of the meeting is enclosed to the document.
