|---|

PEG APC adopted agenda of the 10th PEG APC meeting.

PEG APC reviewed the report of the 9th PEG APC meeting and adopted following conclusions:

- 1.1 PEG APC supports the idea to participate in the next call for project proposals within SEE TCP with the WACOSS and BIOSSED project proposals.
- 1.2 Secretariat should send ToR for the project *Development of AEWS system in Drina River Basin* which has been developed by REC to the members of PEG APC for information. It recommends to include into the ToR organization of workshop where possibilities for establishment permanent PIACs (24/7) in BA and RS would be discussed. The institutions responsible for implementation of the FASRB, SC, ICPDR and PIACs from SI and HR should participate the workshop.

All tasks which have remained open from the previous meeting have been finished or were part of 10th PEG APC meeting.

PEG APC took note about the report of the 12th Regular Session and adopted following conclusions:

- 1.3 PEG APC reviewed the status of Protocol on Emergency Situations which was adopted by the SC and sent to the Parties for comments.

PEG APC took note about the 2nd Meeting of the Parties which was held in Belgrade on June, 1st 2009.

Ad. 2 Part I AEWS system

Background documents:

| <ul style="list-style-type: none">- Report of the AEWS Test SAVA09 |
|--|

The PEG APC took note about the test which was performed on March 18th 2009 and, thereof, adopted following conclusion:

- 2.1 Such tests are very useful and they should be repeated. PEG APC recommends to repeat the test once a year.
- 2.2 Next test should focus to the contents not to the surprise. The secretariat should prepare scenarios for the next test which will be held in September/October.
- 2.3 Beside PIACs also ExUnit and DU should be involved into the test.
- 2.4 It is recommended that DU use Dbam model for pollution propagation forecast. The link to Dbam model is <ftp://icpdr:dunarea@ftp.unvienna.org/DBAM/>

The training course for the members of PIACs was performed by Alex Hobart, the representative of ICPDR. The course was participated by PIACs form BA(3) HR (8), SI (5) and RS (1).
