### **PEG APC**

#### **- summary of activities performed since the previous session of the ISRBC -**

In the reporting period, no meeting of PEG APC was held.

The next meeting of the PEG APC will be held after the results of the 2<sup>nd</sup> call for project proposals within the TCP SEE will be announced (May 2010 tentatively).

The main issues which were going on in the reporting period were:

- AEWS system  
*The test of the AEWS was performed on December 3, 2009. The results of the test will be discussed on the next meeting of PEG APC.*
- Development of projects  
*The WACOSS project was submitted to the 2<sup>nd</sup> call of proposals within the TCP SEE on December 21, 2009. No information on adoption of the project proposal for second step available until now.*
- Development of protocols  
*No additional information about the status of the Protocol on Emergency Situations available.*
